

Thanks for taking advantage of the Planning Center. This will help committees connect in a semi-sane way.

Committee members get a welcome email with their name (instead of Christy) and the committee they were added to (instead of Christy)

Folks can use their email for computer access or their phone number for mobile access. (not recommended due to the files that can be downloaded)

A welcome screen will let you choose **VIEW GROUP** which is where committee resources and emails are available.

In the group page, there is a menu on the left side, for events, resources, and membership lists. Each group has common and specific resources available to download.
